A center of Barrett, The Honors College, the Lewis Center exists to prepare students for the challenges and opportunities of life. To accomplish this objective, the Lewis Center provides innovative courses, workshops, and an engaging speaker series focused on self-awareness (behaviors, values, strengths), personal values and character development, leadership and entrepreneurship, decision-making and risk-taking, career planning, success and happiness.

The Lewis Center is generously funded by an entrepreneur donor (T.W. Lewis Foundation) in partnership with Barrett, The Honors College and offers its programs and services at no additional cost beyond tuition and Barrett fees. Programs and courses are available exclusively for Barrett students.
